

Press Release

FIFTH ANNIVERSARY OF DIVERSITY AWARD PRESENTED BY ALC TO PAINT BRANCH HIGH SCHOOL STUDENTS CELEBRATES COMMUNITY COMMITMENT

Rockville, MD (June 3, 2009) – AllWorld Language Consultants, Inc., a Rockville, Maryland based company has reached a milestone of five years providing scholarships to the students at Paint Branch High School. ALC's President and CEO, Carlos Scandiffio shares, "It is our honor to celebrate the students who have excelled at the challenge this particular award presents. They are asked to write a compelling essay that ties the diversity of the high school to that of our company motto, which is that in today's world there should be no barriers. As a company that endeavors on a daily basis to utilize language as the basis to break down barriers between people and cultures, I could not be more pleased to see 9th, 10th, 11th, and 12th grade students achieving this with one another in our very own backyard".

The annual contest began as a way for ALC to provide support to students who represent multiple cultural backgrounds and languages while studying and preparing themselves for their next level of education. Many of the students that participated in the scholastic essay competition have done so year after year and now have gone on to institutions of higher learning. The essence of the motto about breaking down cultural barriers through their activities as a student at Paint Branch will be something that besides the scholarship support will be enhanced as they step onto the global community in education and the workplace.

ALC is grateful to the Montgomery County Public School system and their unique programs represented in the curriculum that caters to the cultural diversity at Paint Branch. It is a unique honor the company holds to receive a plaque from the school recognizing ALC's efforts on this fifth anniversary as a solid community supporter of education and for the improvement of cross-cultural understanding in this community. Scandiffio adds, "We see the growth of these young people over this last five years and feel confident they will go on as cultural ambassadors to continue enhancing awareness amongst diverse groups as the strength upon which this nation was founded".

About AllWorld Language Consultants, Inc.: ALC is a consulting firm that provides a vast array of technical and professional services such as: translation, interpretation, transcription, Title III interception and monitoring, video production, training, IT Forensics, intelligence and media analysis, and general consulting services. Since its incorporation in 1994, the company has grown to become a leader in its industry, rapidly expanding from basic translation services, to a specialized, global enterprise capable of supporting the most complex of missions and tasks.
